DEPARTMENT OF ENERGY

10 CFR Chs. II, III, and X

48 CFR Ch. 9

Unified Agenda of Federal Regulatory and Deregulatory Actions

AGENCY: Department of Energy.

ACTION: Semi-annual regulatory agenda.

SUMMARY: The Department of Energy (DOE) has prepared and is making available its portion of the semi-annual Unified Agenda of Federal Regulatory and Deregulatory Actions (Agenda) pursuant to Executive Order 12866, "Regulatory Planning and Review," and the Regulatory Flexibility Act.

SUPPLEMENTARY INFORMATION: The Agenda is a government-wide compilation of upcoming and ongoing regulatory activity, including a brief description of each rulemaking and a timetable for action. The Agenda also includes a list of regulatory actions completed since publication of the last Agenda. The Department of Energy's portion of the Agenda includes regulatory actions called for by the Energy Policy and Conservation Act of 1975 and programmatic needs of DOE offices.

The Internet is the basic means for disseminating the Agenda and providing users the ability to obtain information from the Agenda database. DOE's Spring 2019 Agenda can be accessed online by going to www.reginfo.gov.

DOE's regulatory flexibility agenda is made up of rulemakings setting energy efficiency standards and requirements applicable to DOE sites.

NAME: Theodore J. Garrish,

Acting General Counsel.

Energy Efficiency and Renewable Energy—Proposed Rule Stage

58. ENERGY CONSERVATION STANDARDS FOR GENERAL SERVICE LAMPS

EO 13771 Designation: Other

Legal Authority: 42 U.S.C. 6295(i)(6)(A)

Abstract: The Department will issue a Supplemental Notice of Proposed Rulemaking that includes a proposed determination with respect to whether to amend or adopt standards for general service light-emitting diode (LED) lamps and that may include a proposed determination with respect to whether to amend or adopt standards for compact fluorescent lamps. According to the Settlement Agreement between the National Electrical Manufacturers Association (NEMA) and the Department (DOE), DOE will use its best efforts to issue the GSL SNOPR by May 28, 2018.

59. ENERGY CONSERVATION STANDARDS FOR RESIDENTIAL CONVENTIONAL COOKING PRODUCTS

EO 13771 Designation: Regulatory

Legal Authority: 42 U.S.C. 6295(m)(1); 42 U.S.C. 6292 (a)(10); 42 U.S.C. 6295(h)

Abstract: EPCA, as amended by EISA 2007, requires the Secretary to determine whether updating the statutory energy conservation standards for residential conventional cooking products would yield a significant savings in energy use and is technically feasible and economically justified. DOE is reviewing to make such determination.

60. ENERGY CONSERVATION STANDARDS FOR RESIDENTIAL NON-WEATHERIZED GAS FURNACES AND MOBILE HOME GAS FURNACES

EO 13771 Designation: Regulatory

Legal Authority: 42 U.S.C. 6295(f)(4)(C); 42 U.S.C. 6295(m)(1); 42 U.S.C. 6295(gg)(3)

Abstract: The Energy Policy and Conservation Act of 1975 (EPCA), as amended, prescribes energy conservation standards for various consumer products and certain commercial and industrial equipment, including residential furnaces. EPCA also requires the DOE to determine whether more stringent amended standards would be technologically feasible and economically justified and would save a significant amount of energy. DOE is considering amendments to its energy conservation standards for residential non-weatherized gas furnaces and mobile home gas furnaces in partial fulfillment of a court-ordered remand of DOE's 2011 rulemaking for these products.

61. ENERGY CONSERVATION STANDARDS FOR COMMERCIAL WATER HEATING EQUIPMENT

EO 13771 Designation: Regulatory

Legal Authority: 42 U.S.C. 6313(a)(6)(C)(i) and (vi)

Abstract: Once completed, this rulemaking will fulfill DOE's statutory obligation under EPCA to either propose amended energy conservation standards for commercial water heaters and hot water supply boilers, or determine that the existing standards do not need to be amended. (Unfired hot water storage tanks and commercial heat pump water heaters are being considered in a separate rulemaking.) DOE must determine whether national standards more stringent than those that are currently in place would result in a significant additional amount of energy savings and whether such amended national standards would be technologically feasible and economically justified.

62. ENERGY CONSERVATION STANDARDS FOR COMMERCIAL PACKAGED BOILERS

EO 13771 Designation: Other

Legal Authority: 42 U.S.C. 6313(a)(6)(C); 42 U.S.C. 6311(11)(B)

Abstract: EPCA, as amended by AEMTCA, requires the Secretary to determine whether updating the statutory energy conservation standards for commercial packaged boilers is technically feasible and economically justified and would save a significant amount of energy. If justified, the Secretary will issue amended energy conservation standards for such equipment. DOE last updated the standards for commercial packaged boilers on July 22, 2009. DOE issued a NOPR pursuant to the 6-year-look-back requirement on March 24, 2016. Under EPCA, DOE has two years to issue a final rule after publication of the NOPR.

63. MODIFYING THE ENERGY CONSERVATION PROGRAM TO IMPLEMENT A MARKET-BASED APPROACH

EO 13771 Designation: Deregulatory

Legal Authority: 42 U.S.C. 6291

Abstract: The U.S. Department of Energy (DOE) is evaluating the potential use of some form of a

market-based approach such as an averaging, trading, fee-base or other type of market-based policy

mechanism for the U.S. Appliance and Equipment Energy Conservation Standards (ECS) program.
